Ruder, Jesse Holland

"BASIC for the HP3000"

1985, 223 pages, ISBN: 0-471-80438-X

This was the only textbook written to suit the highly unusual version of the BASIC programming language found on the Hewlett-Packard HP3000 minicomputer. As BASIC is only a collection of loosely related dialects, the HP3000 version did not suit use of any existing textbook. Programs written to othertextbook standards failed in execution, causing enormous student and professor frustration. This book was the first and only one to address that problem.
